PRESIDENT'S MESSAGE

The Sunshine Coast Hub Tour to be held in conjunction with "MOTORKANA 72" is the fulfillment of an ambition for the Antique Car Club of Nambour. Four years ago when we were organizing the first Motorkana we were looking forward to the day when we could invite enthusiasts from all over Australia to join us for an old Car Holiday here on our beautiful Sunshine Coast.

After the success of Motorkana 71, with over 140 entries, it was felt that the time was right. Our major sponsors, T. M. Burke Pty. Ltd., were willing and at Motorkana 71 it was announced that the Sunshine Coast Hub Tour would be held in 1972. Support also came forward from the Qld. Government Dept. of Tourism and with the support of the business houses and people of the Sunshine Coast, we know that this will be the holiday rally of a life-time.

DOUG PARTINGTON, President

FROM THE MINISTER

It gives me a great deal of pleasure to support the Antique Car Club of Nambour in this effort to expand and promote its 1972 Motorkana and Sunshine Coast Hub Tour.

As a spectator last year, I was pleasantly surprised at the interest which last year's events created as a highlight of the Annual Sunshine Coast Spring Festival and the efficiency with which they were conducted.

The Sunshine Coast, according to latest surveys, is Queensland's second largest tourist destination area and possesses a wide range of attractions to suit the tastes of all visitors.

For Car Club enthusiasts in other States and other parts of Queensland, I could think of no better way to spend their annual leave than to see some of these attractions and enjoy the area's long chain of beach resorts while being the guests of the Antique Car Club of Nambour for this year's events.

The Honourable JOHN HERBERT, M.L.A.
Minister for Tourism
