The Sunshine Coast Antique Car Club was formed in 1963 to cater for the interests of owners of veteran and vintage cars (prior to 1/1/1919 and 1/1/1931 respectively) and to foster preservation as well as restoration of these vehicles, as near as possible, in a state similar to their original condition. Today we welcome all people interested in preservation and restoration of our motoring and machinery history. Generally, our members come from those owning such over 30 years old but owning one is not a mandatory requirement.

Members are encouraged to participate in events even without eligible vehicles.

Our veteran and vintage vehicles remain our "respected citizens" due to their historic significance.

Rallies are designed to allow for their limitations. Our Rally Director tries to incorporate suitable variations in rallies which will cater for all our vehicles.

On Sunday 10th September our club members had a Cricket match at the Ewan Maddock Dam Park. The match was between the southern (overseas) team and the northerners. It went off with a lot of fun, the northern team only just winning by a handful of runs. The trophy was donated by Bevin Mutch.

The north holds the trophy until the rematch next year. We only just finished the match before the rain came.

The man of the match went to Bob Keeley. He had everyone worried when he came into bat. The full gear, helmet with face guard, leg pads, gloves and his own bat. The lot. (Borrowed from his son.) However it came in no good he last for about 6 runs.

To relieve the pressure on our forever hard working caterers, the lunch was prepared by the Helping Children Smile Charity Group, and as a donation for their efforts, the committee had recommended that our club give a

the group and donation to help fund and operation of a child.

The Presidents Dinner is coming up in October, and it is time to now start thinking about who you want to nominate for positions, as each year positions are made vacant for election.

(A.G.M in November) . Don't hold back, don't just leave it to the usual few. Make it known that you can do a job to help out.

We welcome our newest member John WHITE from Bongaree. He has a 1955 Hillman Minx under restoration.

Our sympathy and deepest thoughts go out to John Vale who lost his wife Heather who passed away in early September. She will be sadly missed by us all.

PCYC Car display at Nambour on August 20, the day was nice and fine and warm we arrived at 8:30 Yvonne and I started to put up the Gazebo and the Club Banner then Brian Fazel came and helped with the finish. It was a lovely to have it for everybody to come and chat and for the shade factor. A couple of prospective members may come out of it. 14 cars turned up, Malcolm Harris came modern as he hasn't finished his car yet, but says it won't be long hoping to have it ready for the November run. About 150 cars in all of all kinds of colours shapes and sizes. Hot rods and dragsters, street machines and the old. There was judging for a lot of classes and prizes for the winners. Our club bought home 2 trophies, Gordon McKinnon 's Vauxhall and Bill Ross's Model A Woodie. Not a bad effort for 14 cars.

X Roads on 13 August. 6 Cars turned up to fare the guests around the showgrounds. I travelled 20 miles and the rest of the members would have done the same. We had a nice morning tea and BBQ. The guests thanked the car club members for their efforts and will be back next year . Ian and Lois came from the Glasshouse just to help out with the cooking etc.

RDA 19th August we arrived at the Duck Pond at 8:30 and waited a while. More cars from other clubs turned up. We left about 9:30 to transport the children to the Riding for the Disabled Grounds. There seemed to be more children this year, another couple of cars would be handy for next year. There were 5 club cars this year when we arrived at the grounds with a nice cup of tea and eats ready on arrival.

The format is the same as other years with a procession at 12 noon starting at Allamanda Dr. to Brennan Park where there will be all kinds of entertainment including stalls of all types, rides for the small kids and big kids, a band in the sound shell, belly dancers and other frivolities. A feature of this parade has always been the S.C.A.C.C. vintage cars and we have invited the B.V.A.C. and the Brisbane North clubs to join us for the day. Meet at our usual park which is opposite the starting point at 11.30a.m. for 12 noon procession and our vehicles will be on display during the afternoon whilst we enjoy the festivities.

Sunday 8th. October. With B.V.A.C. We have been invited to join B.V.A.C. on a run to an interesting garden venue for morning tea at Upper Kedron and then to The Tramway Museum at Ferny Grove. Rally to the Ewan Maddock Dam 10th August. Arriving at the dam about 8:30am in our 40 Buick, the only other car was the nice little Red Austin 7, next along came Cliff and Jean in their Holden towing the Chuck wagon, Rod was next, we then got stuck into setting it up. Keith and Olive arrived and next thing they start to help. Someone got 2 chairs and made them sit in the chairs and don't do a thing. It was appointed their holiday and time to have a spell. Next with the water boiling for drinks, out came the cakes and bickies for morning tea. When that all knocked off out came the Cricket gear. The Nambour group had challenged the Bribie group to a match. With a lot of cheating on both sides the Bribie group beat us by 11 runs (I think they cheated more). The climax came when Bob Keeley came out to bat, he had the cricket hat with face guard, his own bat and cricket pads and all white gear, we thought he looked so professional he should boost our score, I think he went out for a duck. The weather started to get fairly murkie, we let the Bribie group win and head for shelter, a fair bit of talking , then lunch was served up by Neil and Barbara. Lovely Salad rolls, finished up with a large apple slice and with custard, all very nice. Morning tea and lunch was all paid for by SCACC as a thank you to he ones who helped with our swap. There was 19 cars that turned out so it was a great day. **Reg Wilkie**

A beautiful blonde calls her boyfriend and says, "Please come over here and help me. I have a killer jigsaw puzzle, and I can't figure out how to get started.

Her boyfriend asks, "What is it supposed to be when it's finished?"

The blonde says, "According to the picture on the box, it's a Rooster."

Her boyfriend decides to go over and help with the puzzle.

She lets him in and shows him where she has the puzzle spread all over the table. He studies the pieces for a moment, then looks at the box, then turns to her and says,

"First of all, no matter what we do, we're not going to be able to assemble these pieces into anything resembling a Rooster."

He takes her hand and says, "Secondly, I want you to relax.

Let's have a nice cup of tea, and then.....", he said with a deep sigh, . .

"Let's put all these Corn Flakes back in the box."

She told me we couldn't afford beer anymore and I'd have to quit.

Then I caught her spending \$65 on makeup.

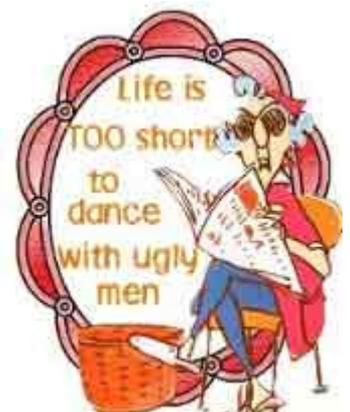

And I asked how come I had to give up stuff and she didn't.

She said she needed the makeup to look pretty for me.

I told her that was what the beer was for.

I don't think she's coming back.

THE CARDIOLOGIST AND THE MECHANIC

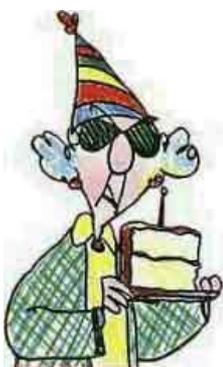

A mechanic was removing a cylinder-head from the motor of a Harley motorcycle when he spotted a well-known cardiologist in his shop. The cardiologist was there waiting for the service manager to come take a look at his bike when the mechanic shouted across the garage "Hey Doc, want to take a look at this?"

The cardiologist, a bit surprised, walked over to where the mechanic was working on the motorcycle. The mechanic straightened up, wiped his hands on a rag and asked, "So Doc, look at this engine. I open its heart, take the valves out, repair any damage, and then put them back in, and when I finish, it works just like new.

So how come I make \$39,675 a year (a pretty small salary) and you get the really big bucks (\$1,695,759) when you and I are doing basically the same work?"

The cardiologist paused, smiled and leaned over, then whispered to the mechanic...

"Try doing it with the engine running."

The Computer Swallowed Grandma

The computer swallowed grandma.
Yes, honestly its true.
She pressed 'control' and 'enter'
And disappeared from view.

It devoured her completely,
The thought just makes me squirm.
She must have caught a virus
Or been eaten by a worm.

I've searched through the recycle bin
And files of every kind;
I've even used the Internet,
But nothing did I find.

In desperation, I asked Jeeves
My searches to refine.

The reply from him was negative,
Not a thing was found 'online.'

So, if inside your 'Inbox,'
My Grandma you should see,
Please 'Copy,' 'Scan' and 'Paste' her
And send her back to me!

**This is a tribute to all the Grandmas
who have been fearless and learned to
use the computer.....
They are the greatest!!!**

We grow old because we stop playing.

I was being served by an obviously gay flight attendant, who seemed to put everyone in a good mood as he served us food and drinks. As the plane prepared to descend, he came swishing down the aisle and told us that "Captain Marvey has asked me to announce that he'll be landing the big scary plane shortly, so lovely people, if you could just put your trays up, that would be super." On his trip back up the aisle, he noticed this well-dressed Arabic woman hadn't moved a muscle. "Perhaps you didn't hear me over those big brute engines but I asked you to raise your trazy-poo, so the main man can pitty-pat us on the ground." She calmly turned her head and said, "In my country, I am called a Princess and I take orders from no one." To which (I swear) the flight attendant replied, without missing a beat, "Well, sweet-cheeks, in my country I'm called a Queen, so I outrank you. Tray-up, Bitch."

An Italian, a German and an Australian football fan were arrested in a small Arabian state when they were caught p*ssing on a religious building after an all night drinking binge.

The trio have to face up to the local sultan and are dished out the typical punishment for religious desecration - 20 lashes of the whip to the back. But the Sultan was a big football fan so he kindly granted them two wishes each - but they were not allowed to change the number of lashes or the type of punishment. The Italian says " Well we are the World Champions so I go first. I want the pleasure a beer and a pillow.". The Sultan grants his wishes. With a wide grin the Italian drinks his beer and binds the pillow to his naked back. But after 10 lashes the pillow falls apart and he has to painfully endure the remaining 10 lashes which leave deep welt marks on his back.

The German saw all this and spends a few minutes thinking before smiling. "I would like to have two pillows for my back". The Sultan thinks about the uniqueness of the wishes but decides to grant it given he has used up his two wishes in one go. However after 15 lashes of the whip both pillows have fallen apart and the German has to painfully endure the remaining 5 lashes which leave deep welt marks on his back.

The Australian is grinning from ear to ear and mutters something under his breath about a bullsh#*t penalty. "Ok my first wish is to double the number of lashes to 40." There is stunned silence in the hall. The Italian, German and Sultan are a little surprised at the first wish but then remember the strong fighting performance the Aussies put up during the World Cup in Germany 2006. The Italian and German look at each other and nod in admiration - obviously this Aussie wants to show how tough he is. The Sultan ask the Aussie for his second wish.

"Tie the Italian to my back" he replies.
